

Hello! Thank you for downloading the Rhyming Words and Word Families file. We use this material in two ways:

- Rhyming activity. We match the word cards that rhymes to the word in the picture card.
- Word Families. Use this to practice reading and sort out the word cards according to their families based on the picture cards.

Please note that this file should NOT be shared through email and file sharing sites. If someone wishes to have a copy kindly direct them to my shop or blog.

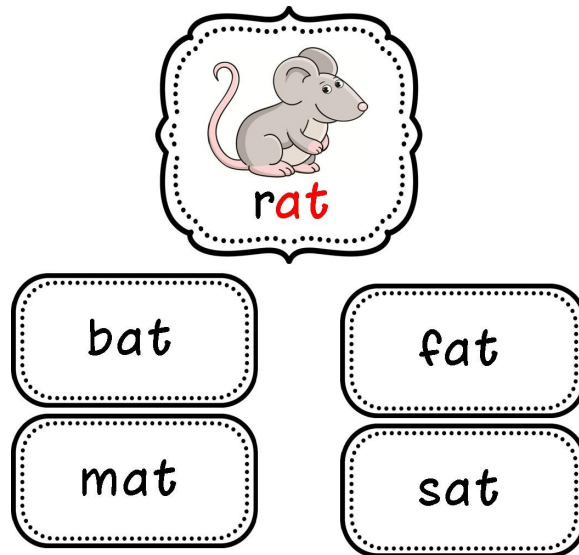

Hope you like it. Thank you!

*PS. If by chance you spot an error on the file, including typo error and incorrect facts, please let me know so I can fix it as soon as possible. Email me at [ms.jarms@gmail.com](mailto:ms.jarms@gmail.com).*

Best regards,  
Jae of Pinay Homeschooler

How we use this materials:

1. Learning about Word Families. Word families are group of words that have similar pattern or combination of letters in them and that they have

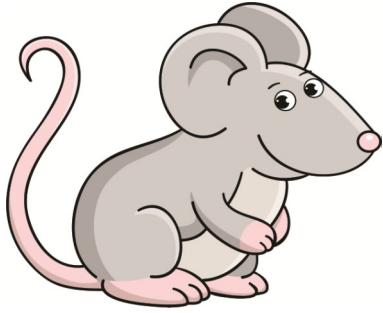

2. Rhyming Words. Rhyming words may have similar letter combination (or they belong to the same family) or they may have a different letter combination at all. Example is given below.

\*\* This activity aims to teach the child that words may sound the same even if they are not member of their word families.

3. We use the word cards to practice spelling as well. This is just an optional activity though.
